WORK EXPERIENCE

Ericsson, Athlone, Co. Westmeath — *Software Engineer*

July 2018 - Ongoing

Developed Full-Stack in Java EE & JavaScript on an ENM product that uses a learning algorithm to simplify network management.

Dundalk Institute of Technology, Dundalk, Co. Louth — *Tutor at Outreach Events*

January 2018 - May 2018

Tutored once a week for 5 weeks at the St. Louis Secondary School. This involved teaching TY students how to make a flappy bird game with p5.js. This is a javascript library that simplifies coding with canvas.

Aphix Software, Drogheda, Co. Louth — *Web Developer*

February 2017 - August 2017

Was a Full-Stack JavaScript and PHP Intern on the WebShop and SalesRep platforms. These platforms connect to ERP Systems like "Intact IQ" to allow B2B and B2C transactions via the browser.

EDUCATION

Athlone Institute of Technology, Co. Westmeath — Level 9
Postgraduate Certificate in Software Design with Artificial Intelligence

September 2019 - Ongoing

Currently doing an AI course to upskill in an interesting field.

Dundalk Institute of Technology, Co. Louth — Level 8 BSc (Hons) Computing in Games Development

September 2014 - May 2018

Graduated with a 1.1 Honours Degree in Computing from Dundalk IT. Also participated in many different events related to the field of study. These Include:

- Tutoring at Hour of Code and Dundalk CoderDojo
- IrlCPC, Google HashCode, AIB Hackathon, RoboCode and GGULIVRR Project
